SUMMARY

Aspiring AI and ML Engineer with hands-on experience in machine learning, deep learning, NLP, and cloud computing. Currently working as an AI Developer Intern at Viswam.AI, fine-tuning AI models and building Telugu Large Language Models (LLMs). Strong foundation in Python, TensorFlow, PyTorch, NLP, and cloud platform (AWS) with a proven ability to develop, optimize, and deploy scalable AI applications.

PROFESSIONAL EXPERIENCE

AI Developer Intern-Viswam.AI (Summer of AI, IIIT Hyderabad) August 2025 - September 2025

- Learned Advanced Python programming and its applications in AI model development.
- Gained exposure to building and fine-tuning Large Language Models (LLMs).
- Collected and organized corpus data, including 50+ audio, video, and image files, for fine-tuning the model.

Database Management Intern , RINL Visakhapatnam May 2025 - June 2025

- Worked on Oracle Database Administration (DBA) tasks, including performance monitoring, backup & recovery.
- Managed production databases and supported secure data migration and user access management.

Projects

- **AI-powered Plant Disease Detection** – Classified 200+ plant leaf images/min, reduced manual inspection time by 60%.
- **Handwritten Digit Recognition** – ML-based recognition system processing 150+ digits/min, 75% error reduction.
- **Amazon Price Prediction** – published a Kaggle dataset of Amazon products, applying Python, NLP, and Scikit-learn for feature engineering, price prediction, and category classification.

EDUCATION

Bachelor of Technology in Information Technology, NIST UNIVERSITY Nov 2022 - Present

- CGPA 8.95
- Relevant Coursework: Data Structures, Object Oriented Programming, Database Management System, Machine Learning, Operating Systems, Software Engineering.

ADDITIONAL INFORMATION

Technical Skills: Languages & Tools: C, Python, OpenCV, TensorFlow/Keras, mysql, NumPy/Pandas, Scikit-learn, Matplotlib Seaborn, Github, Gitlab, Language model fine-tuning, data preprocessing, Cloud Computing : AWS (S3, EC2, Bedrock)

Certifications:

1. AI Fundamentals – IBM SkillsBuild
2. Machine Learning for NLP – Amazon Web Services
3. Introduction to Data Science - Cisco Networking
4. Python Essentials - Cisco Network Academy

Leadership/Activities: Core Member, Electronics Hobby Club | Sep 2023 – Present

- Conducted workshops on hands-on IoT applications for juniors, Led the coordination and leadership of various club events.
